

Having read the e-learning materials available on the website of Pediatric Oncology Department, please write an essay **on one of the selected topics** and send it to [kmroslan@post.pl](mailto:kmroslan@post.pl) or [kmroslan@umb.edu.pl](mailto:kmroslan@umb.edu.pl)

1. an event in my student life that shocked me - in a positive or negative sense.

2. you have written a research paper in a 4-person team - your supervisor tells you to add someone who did not contribute to the work - what do you think about that and how will you react?

3 You work as part of a team where one of your colleagues is addicted to drugs or alcohol - you know that this addiction affects the quality of patient care - what will you do in such a case?

A credit will be given upon the confirmation that you have read the e-learning materials and sent in the essay.

I will send the list of people who have passed the e-course to the representative of 4th year.

Regards Katarzyna Muszyńska-Roslan
