ABOUT THE MEDICAL UNIVERSITY OF BIALYSTOK

The Medical University of Bialystok (MUB) is a public higher education institution, established in 1950.
The University comprises 82 basic science departments, 51 clinical departments, 4 interdepartmental divisions and 7 independent laboratories.
Today, over 6,200 students study at MUB, including around 500 international students from various countries enrolled in the English Division and the Doctoral School.

The University's administrative headquarters are situated in the beautiful 18th-century Branicki Palace, right in the city centre, surrounded by a historic park and within walking distance of the teaching and hospital complex.
Our student-friendly location is one of MUB's undeniable advantages!
MUB also operates a top-tier teaching, academic and research hospital, offering students an outstanding learning environment.
