

## ABOUT MEDICAL UNIVERSITY OF BIALYSTOK

The Medical University of Bialystok (MUB) is a public higher education institution, established in 1950.

The University includes 82 basic science departments, 51 clinical departments, 4 interdepartmental divisions, and 7 independent laboratories.

Today, over **6,000** students study at MUB, including about **475 international students** from **46 different countries** in the English Division.

The English Division was launched in 2004. After completing a 6-year program, students earn the title of the Doctor of Medicine (MD) degree.

The University's main administration is located in the beautiful 18th-century Branicki Palace, right in the city center, surrounded by a historic park and within walking distance of the teaching and hospital complex.

Our student-friendly location is one of MUB's undeniable advantages!

The Medical University of Bialystok also operates a top-tier teaching, academic, and research hospital, offering students an outstanding learning environment.

## RESEARCH AND OPPORTUNITIES

At MUB, students enjoy a wide range of academic and research opportunities.

While providing top-quality medical education remains our primary mission, we also offer numerous research activities.

The University actively cooperates with medical schools, hospitals, and clinics across Europe and the United States, creating exciting opportunities for clinical placements, research projects, and international exchanges.
