

DAY 1 Thursday, May 28, 2020			
9.00-9.45	Opening lecture		
	Basic Immunology	Clinical Immunology and Immunotherapy	
	Hall A	Hall B	Hall C
10.00-11.30	Innate immunity in protection of barrier sites and internal organs	The expanding field of secondary immune deficiencies in adults: causes, diagnosis, and management	Immunology in personalized medicine
11.30-12.00	Coffee Break		
12.00-13.30	Immunomodulation and immunotoxicology	Progress in diagnostics and treatment of primary immunodeficiencies	Advances and challenges of immunogenetics towards personalized therapy
13.30-14.30	Lunch and poster session		
14.30-16.00	Current advancements in basic immunology	Autoimmunity and autoinflammation	Modern diagnostics of immune-related diseases
16.00-16.30	Coffee Break		
16.30-18.00	New aspects of innate immunity in cancer	Tumor immunology and immunotherapy	Immunology of infection
18.00-19:20	Polish Immunology: from past to the future		
19:30-22:30	Opening ceremony Invited lecture		
DAY 2 Friday, May 29, 2020			
8:00-8:45	Plenary lecture		
	Basic Immunology	Clinical Immunology and Immunotherapy	
9.00-10.30	Immunity, aging and aging-related diseases	Vaccinations in immunocompromised	Immunology of reproduction

10.30-11.00	Coffee Break		
11.00-12:30	Bacteriophages and immunity	Allergology	Adoptive cell therapy
12:45-13:30	Meeting with experts		
13.30-14.30	Lunch and poster session		
14.30-16.00	Immune tolerance – from bench to bedside	Allergen immunotherapy and biological treatment	Rheumatology
16.00-16.30	Coffee break		
16.30-18-30	General meeting of PTIDIK members		
19.30-22.00	Regional dinner		
DAY 3 Saturday, May 30, 2020			
8:00-8:45	Meeting with experts		
	Basic Immunology	Clinical Immunology and Immunotherapy	
9:00-10:30	Immunity and stem cells	Immunopathology	Unobvious use of immunoglobulins
10.30-11:00	Coffee Break		
11:00-12:30	Veterinary immunology and comparative immunology	Immunodermatology	Varia
12:30-13:15	Meeting with experts		
13:15-13:45	Lunch		
13:45-15:15	Closing remarks		
15.15-17.15	Workshops
